- Market information; salary surveys, industry reports
- Personal, high quality service – one point of contact for all of your needs

Testimonial

'Having worked with Jonathan and Jamie and their team at Westek IT on a recent recruitment drive I am very pleased to conclude it was extremely successful. Westek IT came into the picture at a later stage than most other agencies involved and were able to quickly and efficiently extract the information required in order to search the marketplace against the strict criteria given.

I was pleased to find them direct and straight to the matter rather than using valuable time elsewhere. They were very prompt and the turnaround time from call to CV submission to interview was excellent. A real friendly bunch, always willing to make the time, with a good sense of humour whilst maintaining the up most professionalism. Above all they delivered and I will definitely be using them in the future.' **Ryan Fulton, Test Manager, Occam LTD**
